<b>Sponsorship Officer</b>	Dane Ramsay
<b>Parks Committee Officer</b>	Brendon Lowndes

## President report 2018/2019

Season 2018/2019 got off to a great start with the promotion of our A Reserve side and their back to back grand finals enough to prove to the association that they are good enough to be included into the premier competition. We also defeated Sussex Inlet Cricket Club in the first ever Dave Lea Cup which was played at Sussex Inlet, it was an enjoyable weekend had by all that attended with some great stories and bonding experiences that will make the match an annual event on the preseason calendar.

At our AGM held in early June former President Brendon Lowndes decided that his abilities are better suited to moulding the next generations of Kenthurst players and wanted to assume the role of Junior President. To which he nominated myself and second by Andre Bertollo in which I proudly accepted.

I would like to thank all the members, committee and past Presidents that have put faith in me to make this club prosper and to reach the heights of former glory this proud club has had in the past.

I would like to take this opportunity to thank Brendon for all his achievements when he was club President and also all the other roles he took on while the club was under his charter, I know there were many.

Brendon certainly kept the club from a very dim future which it was on course for. Brendon is definitely a club man and loves Kenthurst Upper Hills CC with his entire heart and soul, this is evident in his A Grade cap presentation speech which can be found in this year's book.

As a club, we fielded 5 senior's teams and 3 junior teams which was down from previous seasons.

We made this decision as a committee to make it easier on our selectors and team captains with only filling squads with full time players and not have a large reliance on part time and somewhat non-financial players. Which we will all agree was good move both in team morale and the club's financial position. So thankyou Andre Bertollo & Doug Gemmell for their efforts this year for always making the side's competitive.

Sadly, our junior participation has some what dwindled over the past few seasons, whether it has to do with a lack of volunteers or a junior president. We have also had some concerns of local schools feeling the need to enter teams into our association as well which has impacted on our numbers. But as a committee we are working with the HKHDCA, local schools and Cricket NSW to ensure that we can encourage growth and junior development throughout the Junior club by our popular Junior blasters and Master blasters programs ran by Mr Lowndes and the senior playing group.

This season saw lots of new faces on our ever-growing committee which included the next generation of players coming through wanting to help the club grow and they were voted into some executive positions i.e. Charles Ivey as Vice President and Thomas Lee as Treasurer a notable mention was James Dowers who excepted a position as ordinary member and took on a new role of web master and IT specialist for the club.

I would like to thank everyone on the committee this year you have all done an outstanding performance in the roles you have taken on this year.

Despite reducing our senior team numbers this year and the association struggling to find the right grades for our lower grade teams. Our A Grade captained by Alex Pagano were competitive in every match they played in and despite missing finals they took a lot out of the season and will definitely be knocking on the door come next season.

The lower grades captained by Paul Lown/ Luke Brant B Reserves, Narendra Kulkarni C Reserves and John Campo D Reserves all where competitive throughout the season and sometimes dealing with the harsh restriction that SCC had enforced on them just because they couldn't fit the side in to the right grade.

A massive congratulations to John Campo and his band of merry man who won the D reserve premiership in a great show of grit and determination and pride for the emblem they wear on their shirts. John's side shows the true spirt of why we all play this game. Our Classics (Over 50's) side captained by Mick Dolly found the season a struggle but always showing the fighting spirt that these men have instilled in all of us now playing for the club.

From a Junior perspective, our success is not measured by Premierships. Rather, we like to think we look beyond that and we consider how many kids we provide the opportunity to participate as far more important.

It would be remiss of me not to thank our sponsors that give so graciously to our club especially our major sponsor the Hillside Hotel and the Momento group who always give us a place to rejoice in our wins, commiserate our losses and dwell on our draws.

To the new silver sponsor that has been a part of the club this year R J GOON Wholesale Fruit and Vegetable also to our new bronze partner Griffin Air Conditioning we thank you very much the plans and programs we look to bring to our members are not possible without your support.

Also the work that Mr Craig Henson does needs to be noted as there would not be a year book, players registered or accurate account of who has paid their fees without him, Craig also this season helped myself authenticate the A Grade player list from when the club was formed right up to this current season. We have had 339 players play A Grade for this club and the full list will be printed in the year book and be available on the website in the near future.

There is a lot of work to be done as we head toward 2019 /2020 season. Many changes are needed, and we have the plans to improve both our on-field performance and our own administrative procedures and results.

These changes can only be made with your support, help, trust and cooperation. We desperately need more help around the club, in various roles, to spread the workload and ensure we hang on to those who have done so much in the past, and who hold the knowledge to help us grow. Please give this some consideration and, if you think you can help, then make a commitment, join the clubs committee and make a difference to our club.

Dane Ramsay | President

## Junior Presidents Report 2019

When future historians chart the history of Kenthurst Upper Hills Cricket Club (the basis for a future international best-seller), it is my hope that this will be noted as a year where the Club had a small number of participants but was a Club with a solid base from which it grew to become a powerhouse in the junior cricket arena. This year we had 3 junior sides (U12's, U15'S, U16's), a Junior Blasters program (for kids aged 5-7) and a Master Blasters program (for kids aged 7-9).

This was the first year that we had enough participants to run both a Junior Blasters program and a Master Blasters program. With help from Mitch at CricketNSW, we were able to get advertising out to all the schools as well as establishing contacts in order to promote the Club for future seasons. Both programs were a success thanks to the help of all the parents who were always willing to help as well as a number of senior Club players who attended and taught the kids new skills with plenty of enthusiasm. A massive thanks goes to Sam Summerhays who, out of blue, called me before the Junior Blasters season asking if we needed help. Sam assisted for the whole program for which I'm very grateful and certainly couldn't have run the program without his help.

Our U12's had a very successful year, coming 2nd out of 17 teams and making the Grand Final. Unfortunately they weren't given the chance to go for the premiership when the Grand Final ended up being washed out. Our 15's had just as much bad luck. After qualifying for the semi final, they only had 9 players available for the match. Even with this setback, the match ended in a tie! Our U16's boys had another fun year, they are clearly a team who love their cricket and they're all really top kids. I was able to get out and watch a number of their matches and with this being their final year of juniors, I could see a number of them succeeding in seniors' cricket for years to come. I was able to watch a number of matches from all the teams and thoroughly enjoyed doing so. Being able to introduce myself and regularly show my support as a senior member of the Club will hopefully help the kids feel welcome when they move into the seniors' competition. It was however a bit disappointing that there wasn't more support shown from other members of our seniors competition.

I have learnt a lot this year. I was able to get my foot in the door with the schools for next season. Now that I'm aware of how much notice the schools will need for organising promotional activities, it is my hope that I will be able to work with CricketNSW in running a couple of cricket carnivals and then getting Kenthurst Upper Hills Cricket Club in the forefront of the kids minds.

With every year, it is my hope that I see a number of our U16's playing seniors next year. I'm also confident that we will be able to enter an U11's side next season with kids coming from the previous years Master Blasters' program. This was my first year being the Junior President and it is a good sign for the Club that I can dedicate myself to this area and I'm sure I'll be able to continue in this role for many years to come.

Brendon Lowndes – Junior President

# Blasters Report

After a long day at work, a lone man makes his way to Glenhaven Oval. Walking onto the field with bags full of plastic playing equipment, he places a rope, a bunch of plastic cones and a bunch of plastic sticks in what looks to be arbitrary locations. Whilst walking around placing equipment, he is then joined by other senior club members. They meet in the middle and talk for a while where they all seem to be randomly pointing at some of the cones and some of the plastic sticks. It all seems very confusing to onlookers when in the middle of the ground, a whole bunch of balls are dumped in the middle. A whole bunch of little people, less than half the size of those present, run to the middle of the ground, pick up a ball each and start randomly throwing and catching. The little and big people are all wearing the same shirts, surely they're not all in the same team?!? First to arrive are the brothers Thomas, Lennox and Charles. They run and throw and catch until one of the big people gives instruction. They line up and take turns running towards a set of plastic sticks. First up is Thomas. He runs and runs and then like a windmill, rotates his arm around and then releases the ball. He bowls him!!! With a proud mum on the sidelines, Thomas puffs his chest out and turns to Mum

'I hit the sticks!' - Thomas says

'I saw that, you're really good!' - replies Mum

One of the big people is with Lennox now, taking turns throwing and catching a ball.

Lennox with hands apart tries to catch the ball but drops it!

'Hands together' - says the man

The man throws the ball once more, this time with his hands together forming a cup, the ball lands in Lennox's hands. Like a taco, Lennox closes his hands and fingers around the ball. A great catch! They manage to get 10 in a row before it's time to start other activities. Lennox has got this!

The man then herds all the little people into the middle and starts talking. They then diverge into four groups standing behind cones. The balls are then also gathered into the middle

'Ready, ready, go!!!' yells the man.

From one corner Movindu runs towards the pile of balls, with a big smile but a dedicated look in his eye, picks up one of the balls then takes it back to his cone. From another corner, a flash goes towards the pile and then back to the cone. When he has stopped moving, it turns out the flash was Ollie. Wow that was fast!!! The little people are coming from all corners; Logan, followed by Lincoln, then Matthew and Liam run to the middle, grab a ball and take it back to their pile. Where did all these little people come from?!? After a period of time, the man yells out 'Stop!'. He

then points to one of the corners and shouts 'Winner!'. The little people yell in delight.

'WE WOOOOOOOONNNNNN!!!' - Shouted Maddinson while victoriously pumping her fist into the air. Korbin is on the same team and joins in the celebration. There're high-fives all around.

After the euphoria of victory came to an end, everyone moves to a different area. Half of the little people go to one end behind a rope and the other half go to the other end behind a different rope.

'Ready, ready, go!!!' yells the man for a second time.

Suddenly all the little people start throwing balls and they're flying everywhere! Balls going back and forth with the big people chasing after them to give back to the little people. Suddenly one of the balls flies over everyone's heads and into the carpark!

'Who threw that one? - asks the man' I DID!' - the man turns around and sees Ryan looking back with a proud grin. Ryan shows that he can bat, bowl, throw and run really fast. He can do it all!

'What a massive throw!' says the man

'I can throw further!! Watch this!' - Oscar declares

With a big run-up, wind-up-and-release, the ball goes flying.

'Great effort Oscar!!' - says the man

The big people are then paired up with the little people to take turns throwing and catching a ball to each other. A big person is paired up with a bright-eyed Isla who is holding onto her ball but isn't throwing it. The big person is looking confused

'Can I have the ball?' - asks the big person

'No! My ball! IT'S MIIIIINE' - a cheeky Isla pouts back

'Awww that's not fair. If you throw to me I promise I'll throw it back' - says the big person

'OK!' says Isla

Isla throws the ball and it is then caught by the big person. Normalcy is restored.

It's now Hudson's turn to catch a ball thrown by his big-people-partner. The ball goes high in the air, Hudson gets underneath and takes it! What a catch! With a furiously determined look on his face, Hudson then thows the ball back his partner. It lands perfectly.

All the little people then run off the field and then run back on, this time with plastic bats in hand. Sachin is most excited this time because he can then show off his skills. One of the big people underarms a ball to Sachin who with a high elbow and great power, hits the ball straight back to the big person. Sachin hits the ball so hard

that it's too fast for the big person to stop in time. 'Was that David Gower?' The big person says to himself. 'No, it's definitely Sachin!'

A delicious smell wafts over the field and into the nostrils of the little people.

'OK, you have a choice, we can either play one more game or we can have a sausage sizzle.' - says the man

With that - without a word said - all the equipment is dropped and the little people run towards the smell. The Club President stands with tongs in hand, ready with food to feed the little people.

It's now the not-so-little-people's turn. The same lone man arrives early on a Saturday morning, this time at Kenthurst Park, again with a bag full of plastic equipment, places items in various locations. Angus, Liam and Mum and Dad are first to arrive and are eager to throw and hit and catch and bowl. Shortly after, the rest of the little people arrive. The man then gathers them all into the middle and says

'OK Angus, run to mid-on!'

Angus knows exactly where to go. In a straight line he runs to one of the cones placed on the ground.

'Movindu, run to fine leg!'

'What's a fine leg? One of the big people is thinking to themselves. But Movindu knows what he's doing and without hesitation, he runs to one of the cones.

The man then walks towards one of the cones and all the kids follow

'What position is this called?' - asks the man

'Gully!' - Shouts Lincoln. Lincoln has clearly been studying the names of all the fielding positions.

The little people then break for a drink and return with plastic bats in hand. They all line up in a row, waiting for orders.

'Remember the three calls, YES, NO OR WAIT' - declares the man

'WAIT, WAAAAIT, NO!' says the man. The little people then scurry back behind the line

'WAIT, WAAAAIT, YES!' says the man.

This time the little people start furiously running, Liam and Jayden are in the lead neck and neck. In front is Liam, then Jayden, then Liam, then Jayden, then.....

Another drinks break and now it's time for a match. With ball in hand, Arush, runs in..... and he bowls him!!! Arush hits the top of off stump! What a ball! Arush, bowls

again, it's two in a row!!! Top of off stump again! Is this Glen McGrath?!? No, it's Arush! Next to bat is Isiaah. Being one of the taller not-so-little-people, he faces one of the big people. This doesn't scare him though, he hits the ball for six!!! A massive shot! Another drinks break and it's now Joel's and Tom's turn to bat. Best of friends, they work really well together. They can both whack balls everywhere and they can both run between the wickets with much haste.

The people then walk off the field, both big and little, where the winning pair are announced. A pair of little people yell in delight while the rest look forward to next week

'Did you have fun?' Asks the man

An emphatic 'YES!' is cried out.

'See you next week?'

This is followed by another 'YES!'

So they all arrive the next week, the week after and the week after that.....

and the year after? Maybe?

## **U15 Kenthurst Cricket 2018/19**

Not only are they a team of champions they are all good mates and you know they have each other's back. The last few years the team has struggled with numbers but regardless they have been able to compete with the strongest clubs and not only that but improve each year.

This year they just missed making the grand final and were knocked out after tying with WPH Cherrybrook in the semi-finals. WPH were able to field 13 players but unfortunately Kenthurst could only field 9 players and that proved the difference in the run chase. Kenthurst batting second were bowled out on the same score after a first-class effort by our team in the field – what a difference 2 more batters would have made.

Regardless of the result I am proud of the teams' spirit, fair play and their competitiveness to never give up. A lot of teams would have "thrown the towel in" knowing they only had 9 players before the game but the Kenthurst boys saw it as a challenge. I know all parents were super proud and if you take this attitude into life in general each of the boys will be rewarded with that attitude.

With the boys moving into U16's next season which will see the close of their junior cricket. I again encourage them to pursue the things they love and hopefully if it's not cricket, they can take the lessons learned at Kenthurst and apply to their passions. I congratulate each of the boys who have already made the transition into senior cricket.

Special thank you to Andrew again for taking the boys as coach. Proving his prowess in the Newcastle tournament in January.

Trying not to single out any of the boys as the strength is in the team. But I will single out Zac who took the most wickets across the Hornsby U15 competition with 15 wickets – well done Zac with a remarkable achievement across so many talented cricketers. There were too many other achievements to single out with all the boys contributing.

Look forward to a successful 2019/20 season.

## U16 Kenthurst Cricket 2018/19

A mixed bag of results for the season but as we played we realised that we were a great social cricket team. The boys enjoyed each other's company and after many players being together for many years at Kenthurst, the junior cricket era is finished. I would guess that at least half of these boys will play senior (and social) cricket in the future after they finish school. Sincere thanks to Joe Di Stasio, Dave Ashton and Amanda Geale for their help during the year.

Tom Ohlrich: Tom bowled beautifully this year, captained the team with daring and always was good for a laugh. His bat didn't get much work this season.

Lachlan Di Stasio: Batted aggressively at the top of the order, kept wicket well and never short of a word to opposition players.

Cooper Anderson: Batted better than last season, fielded in slips and keeper at a high level. Bowling was ugly for most of the season

Charlie Wilton: Charlie has never changed his cricket style in the years I have watched him. Bowls quicker than everyone else in the comp and hits more sixes than singles. Took a couple of ripper catches this season

Mark Hughes: Mark opened the batting every game and always looked like he could dominate the bowling. Another player who liked to talk to the opposition players (and their coaches and their parents), never took a backward step.

Will Diacos: Will had a 'bare' bat this season. We assumed he was looking for a sponsor and he hit his highest score and most runs he'd ever scored in a season. Easily the most improved batsman of the team. Rumours a local restaurant were looking to sponsor him

Kyle Claasen: We thought he was a batsman but he ended up being a strike bowler. In a team with pretty noisy team mates, he did a lot of listening.

Henry Geale: Henry was the most disciplined batsman and it resulted in the most runs and best average. Definitely had the most batting partners over the season

Braden Ashton: Brades was a pretty relaxed player. Ask him to bat at opener or 10, bowl or not bowl, he always answered in the affirmative. An excellent team man

Jack Tanner: Great attitude every week. Talked the talk better than most players in the comp. Cagey slow outswing bowler. His team mates loved playing with him and another who was always good for a laugh.

Cam Eagleson: First year in cricket (will it be his last?). Very quick in the outfield, got a few wickets bowling and a genuinely good fella.

Mustafa Manzoor: Opening bowler who took a bagful of wickets cheaply over the season. Very entertaining batsman who wasn't sure how to play defensively. I never heard him say more than 10 words.

Lachlan Izzard: Lachlan played with us after Christmas. Leading conversationalist and attacking leggie. As opposed to Mustafa, I heard him say a thousand words.

## A Grade Cap Speech

A new initiative began this year where a list was compiled of all those who have represented A grade for KUHCC. Each current player received a cap with their number embroidered on it. Upon receiving his cap, Brendon Lowndes wrote the following speech in appreciation of receiving his cap. Time didn't permit for the speech to be delivered in full so it was instead decided to print into the yearbook.

Dane, thank you so much for organising this. I can only take a guess at how much time it would have taken to complete. When you initially announced that you were going to go through every yearbook going back to 1896 being our foundation year, I initially thought, 'what's the point?'. After being given these caps and thinking about what it means to receive one, I can see why you've done this. I've taken the pride playing in the top grade of the best club in the world for granted. It is truly a privilege and the makeup of the list of names and the order in which they were selected just reinforces this. Kenthurst has had thousands and thousands and thousands of people play during its 120 year history of which only a few hundred people have had the privilege of being selected to play A grade.

About 15-20 years ago I received a baggy green and yellow cap and over the years it disintegrated to almost nothing. Literal blood and sweat were in that cap and when it came out of the washing machine in a thousand pieces I was devastated. Dane, you've now given me something new that I'll treasure for the rest of my life and so many other members in the club's past and present I'm certain will do the same.

Each cap that has been presented to us has a unique number which is each person's place in the Club. If you go upstairs to the clubhouse you'll see the honour board with names of the men all of whom have a number of their own who made the club what it is today. On the honour board you'll also notice sections where it says 'wartime recess'. Let us think about what that means. To me it means that there were men in the Club that fought and who knows, possibly made the ultimate sacrifice so we can have the freedom that we have today. The freedom to be able to come together each Saturday and play, what in my view is the greatest game of all for the greatest club of all, to have a BBQ with meat supplied of course by CHOP artisan butchery and the bread of course supplied by Bakers Delight and then go to The Hillside Hotel after the game to celebrate our wins and commiserate our losses (I had to get that in there, you gotta keep your sponsors happy. I tried to fit in our other sponsors: Carpet Court, Everwilling Health and Fitness, Hills Uniforms and Geometric Electrical and the rest but I couldn't think of how to do this). No other game teaches you the life skills that cricket does and no other game is elegant yet brutal, long yet exciting, slow yet full of action and no other game genuinely rewards gentlemanly like behaviour. You rarely see people in other sports of such grace and class like Alistair Cooke who is respected the world over.

This cap also has our Club logo on it. A logo that is beautifully simplistic. The banksia emblem is a symbol of how the suburb of Kenthurst is a rural area with bushland all around. It's the scenery that provides such a beautiful backdrop to the greatest place on earth to watch the greatest game on earth being up on the balcony watching your mates. Today we're playing [insert team] and this is exactly what Park Cricket is all about. It's our local community of Kenthurst playing against the community of [insert club]. Without Park Cricket, you wouldn't have this coming together of communities and no other sport provides as much opportunity to be able to converse with the opposition and make new mates along the way.

If it wasn't for Kenthurst I would never have met such a truly great man like Dave Lea. A man that has worked hard all his life, married a beautiful lady in Leonie and raised well-rounded hard-working sons of strong character all while still playing cricket for 50 consecutive seasons. I first started playing at Kenthurst when I was 7 and Dave Lea coached me from U11's through to U16's. He didn't have any children in our team but he put his hand up to coach each year as there were no volunteers from the group of parents. Dave has done so much for me personally and has instilled into me the idea that the club is more than just a Club, it's a family and growing up, I saw Dave more often than I saw my own Dad. An example Dave's generosity and willingness to help anyone in the Club is when he helped me by doing a free building inspection on the house that I eventually bought with my wife which is the house that I live in today. The help that Dave has given to me over the past 27 years is something I'll be forever grateful for. Dave is the sort of man who that if something needed doing, he got it done. I'm glad that we're at Kenthurst today so I can point to the clubhouse as an example. Dave and his Dad Lionel Lea and a group of other men in the club got together and built it themselves for no other reason but for their love of the Club. It is an honour to be able to use the facilities built by these members. If I can achieve half as much as what Dave has then I'll be a very happy man. This cap and it's logo is a symbol of the hard work that people like Dave put in for 120 years.

I get it, I'm a bit of an oddball and a loner but I'm so grateful that the Club doesn't discriminate and welcomes anyone who wants to play cricket. It's so great that a weirdo like myself can still be accepted into the Club. I love how Kenthurst is so accepting of anyone who wants to play cricket and contains so many people who are willing to put in the work in order to facilitate this. Our youngest members are 4 years old and our eldest members are in their 70's, containing all sorts of people, all of whom are welcome so much so to the point where Andre Bertollo even donated his full kit to one of our weirdos. Alex, I'm so grateful for what you have done with the team bringing a level of talent and professionalism that hasn't existed since A grade last won the premiership. We now have a team of fair dinkum superstars and it's only a matter of time before we get to hold up the A grade trophy. Dane, back to these caps, they are another reason along with the 68858863380411563996..... reasons why I was and am still happy to help vote you in as the Club President. You understood the role that pride has in running a club and in winning games.

Pride and my love for the Club is the reason I'm able to work 20,30,40 hours a week on club administration, sometimes attending up to 5 meetings in a single week. It's why I'm willing to drive for close to 2 hours for no other reason than to pick up a playing shirt for a mate so he too can share in wearing the Club logo with pride. It's why I'm happy to stand at Dural Mall for 8 hours handing out flyers to encourage new kids to get into cricket. When these kids do sign up and play, the delight that I get from helping kids learning new skills again fills me with tremendous pride. There's nothing more rewarding than seeing a kids smile shine through like a sunbeam after finally being able to perform a new skill after trying so hard for so long as well as seeing the joy that they get out of playing the greatest game of all. The reasons for how pride plays a role in a club goes on and on and Dane, again I'm truly grateful for you having the vision to see this and then having the drive to carry it through. This might all sound a bit much and anyone outside of the Club might think that I'm being overly dramatic and hyperbolic in that it's just another cricket Club. For me however, the house I grew up in is on this very road and I know of nothing else apart from being a member of the Kenthurst Cricket Family. It's why I've asked the most important people in my life to be here to share this occasion. I literally have no memory of life where I wasn't a member of this Club. Being a member of this amazing Club is a massive part of my life and has formed a major part of my identity, I rarely leave the house without some kind of Kenthurst merchandise whether it's a hat on weekends or carrying my Kenthurst backpack to work (both of which are available for purchase by the way and just quietly, how's that for a sales pitch?).

The great man Homer Simpson who in explaining his gratitude in the episode where he was accepted to the secret Stonecutters Society said the following: 'I've never felt so accepted in all my life. These people looked deep within my soul and assigned me a number based on the order in which I joined'. Whilst this was written with the intention of being humorous, there is an element of truth in it for how I feel in receiving this cap. In summary, this cap which we've been given consists of two major components: a unique number identifying each individual and a Club logo identifying the collection of individuals that form what this Club is today. I will be wearing it with tremendous pride and I ask that those who have their own cap do the same. To everyone who came out to share this moment with me and remain patient while I bore you to death with my words, I thank you all so much.

Brendon Lowndes

# TROPHIES

Listed below is the criteria to the awarding of trophies:

**CLUB CHAMPION** Person with the highest aggregate of points awarded under the club championship rules

**RUNNER UP** Person with the second highest aggregate of points awarded under the club championship rules

**NORM SPROULE** Most dismissals by a wicketkeeper

**HIGHEST PARTNERSHIP** The highest partnership for the season in any senior grade

**BATTING** To qualify 200 runs, min – 7 games

Highest aggregate  
Highest average

**BOWLING** To qualify min 15 wickets

Most wickets  
Best Average  
Hatrick  
10 wickets in a match

**FIELDING** To qualify min 8 catches (excluding wicketkeepers)

**LIFE MEMBERSHIP** Nominations to be lodged with the Secretary 28 days before the AGM each year. Members will discuss and vote on the nomination.

## **Kenthurst A Grade Season report 2018/2019**

After many years of playing A Reserve Grade, Kenthurst Cricket Club found themselves with a team in the A Grade competition once again. It was a season of new and returning faces throughout the year.

The start to the season is most likely what cost our A grade team a position in the top 4. A lack of experience and game management we were unable to come away with victories and lost in very close matches. There were plenty of highs and lows before the Christmas period with some bad weather affecting some results against lesser opposition.

After the Christmas break we managed to gain some momentum and strung together few wins and started to climb our way up the ladder. With players in and out of the team on a weekly basis we struggled for some team continuity but were managing to be highly competitive in every match we played. The back end of the season saw us with a few opportunities to get ourselves into finals cricket but unfortunately, we weren't able to capitalise.

It was a season of learning and gained experience for our A Grade team that allowed for many new players to be brought into the club and enjoy the team comradery. With special mentions to Josh Duncan for his Maiden A Grade century and James Dowers for his memorable 5-20. I have great faith that the upcoming season will be one to remember and will see us in finals contention.

## 2018/2019 Kenthurst B Reserve Grade Report

The position we finished on the ladder didn't reflect the season our B reserve Grade team had over the course of this summer. There was immense improvement across the board from all cricketers involved and it was an absolute pleasure leading these not only talented cricketers but even more importantly great bunch of blokes. Having been forced under 'ridiculous' restrictions to almost half of the team two rounds into the season- despite having not won a game yet , all the boys gave it a genuine crack despite being behind the eight ball from the get go. The season consisted of the following: Played 13 (Won 3 Drew 5 Lost 5 Byes 2)

A little summary and insight into what each individual player brought to the team across the season.

**Bill Dowers** (234 runs @ 29.25, 2 wickets @ 18, 3 catches)

Mr Reliable Billy Dowers was a class above and the best opening bat of the competition. Unfortunately due to work and travel commitments we didn't see as much of him as we would have liked. His 64 against Hornsby and 51 against WPHC on his 51st birthday were an absolute pleasure to view. Bill also brought fantastic energy in the field and chimed in with 2 handy wickets.

**Jake Wheeler** (221 runs @ 24.56 ,1 wicket @ 13, 8 catches)

Vice captain of the team the cool headed and steady nature of this man showed at telling times during the course of the season. After a few early season battles and the cut shot was put to bed he didn't look like losing his wicket. His 50 (retired out) against WPHC was a standout knock and undoubtedly would have won us the game had he been aloud to bat on. The ever reliable wicket keeper also took 8 vital catches and I have no doubt his witty antics behind the pegs led to many more dismissals.

**Nick Summerhays** (117 runs @ 16.71 , 18 wickets @ 13.31 , 5 catches)

Nicko 'the hunch' Summerhays is one of the most naturally talented yet frustrating cricketers I have come across! (Yes nicko that's a compliment) Scores of 26, 23, 22 and 21 n.o show you most certainly have the ability with the bat you just need to grind away and shift up a gear or two so you can get the 60s and 70s you are capable of! As a first change bowler you could be relied upon to not only swing the ball but take wickets and keep the batsmen tied down. 5/41 were your best figures but the 3/17 and 3/32 in the penultimate game of the season knocking over the top order in both innings was the clear highlight as it showed you could step up when the team needed you. Ever so reliable in the field with the absolute 'trash' spoken not only getting under the skin of the batsmen but your own team aswell!

**Anthony Eastwood** (231 runs @ 46.20 , 1 catch)

Anthony 'angry' Eastwood what an absolute revelation you became this season. The hard hitting explosive middle order batsmen took the game away from you at the blink of an eye. Your 104 not out which was hit off 63 balls against Hornsby (who in my opinion had the best bowling attack we had come up against in the competition) was incredible. I've never heard the park cricket bench erupt like it did when the ball kept sailing over the fence! An unbeaten 83 not out against Asquith Rugby League was match defining and lead us too an important victory. In the field you were constantly getting under the nose of the batsmen and many wickets were taken due to your intelligent cricket mind games.

**David Thomas** (139 runs @ 19.86 , 0 catches)

Another improving cricketer amongst the club Dave got pushed up a grade this season and quickly become one of the first picked players each week. A monster 161 run partnership with his partner in crime (angry) against Hornsby was the highlight of the season & although being outscored (51 n.o) he certainly didn't look second best with his square of the wicket cricket shots some of the classiest and most powerful throughout the competition. In the field Dave will tell you himself he probably saved as many runs as he scored with his left and right kneecaps! You could always rely on no runs being scored on the turf through the mid on region as he made it his own throughout the year.

**Luke Brant** (149 runs @ 13.55 , 25 wickets @ 14.32 , 3 catches)

Stepped up and captained the side this season and certainly led by example. 50 (retired out) was ground out off 53 overs and as they say that's the job of an opening bat to take the shine off the pill!

On the flip side there were other opening knocks of 25 and 22 where the bowlers were constantly seeing the ball sailing back over there heads. With the ball Luke topped the competition with 25 wickets (even under restriction) with three 4 wicket hauls showing the unselfish nature of his captaincy. The standout performance was ripping through the undefeated Berowra top order and

having them 5/15 finishing with (4/18). He also showed his all round talent chiming in with left arm orthodox and taking extremely handy poles. In the slips he took 3 sharp chances including a spectacular one hander to round off the season!

**Aaron Muston** (146 runs @ 16.22 , 5 wickets @ 35.20 , 3 catches)

The work ethic of this young man is to be admired. Trains the absolute house down and was rewarded by finishing the season off as an established opening batsmen. In round 2 he top scored with 37 n.o and showed his array of shots by hitting the ball to all parts. When asked to step up and open with his captain in round 5 they batted together 30 overs and Aaron ground out a very well fought 22. Against WPHC a game we needed to win Aaron and Bill put on an opening stand of 72 (Aaron made 31) where we again saw the confidence in which his batting has come along this

year. With the ball although always reliable opportunities were limited due to the strong attack we fielded. A live wire in the field and an asset to have in the side.

**Bradley Clapham** (103 runs @ 17.17 0 catches)

In the nets Brad looked as accomplished as anyone in the club. Unfortunately nerves seemed to get the better of him. He made very classy knocks of 47 & 32 where he never looked like losing his wicket. In the field he was firey and often gave the slippers a headache with the amount of talking he did! Unfortunately Brad departed for Melbourne and we lost him half way through the year.

**Doug Gemmell** (73 runs @ 24.33 , 8 wickets @ 25.88 , 8 catches)

I'm going to put it out there ! Anyone who knows this man and his cricketing abilities will label him as an all rounder - even if he doesn't so himself! Asked to bat number 3 to steady after an early wicket Dougy provided the goods with a gutsy 22. Asked to come in at number 9 in a run chase that went down to the wire he hit 25 n.o. With the ball statistics don't do him justice with only 8 wickets not showing how you constantly held up an end whilst wickets were falling at the other. In the field you were dynamic- 8 catches! Amongst them were some absolute beauties. I want to thank you for your assistance in managing the team, chasing players for availabilities and attending selection meetings. Not only are you an outstanding cricketer you are an even better bloke, cheers for the helping hand mate!

**Daniel Moss** (15 runs @ 5.00 , 8 wickets @ 18.13 , 5 catches)

I hope everyone reads this one carefully because although cricket is a statistically based game this proves that stats infact DO lie! Daniel Moss was out and out the best opening bowler in the competition this season- that good the batsmen couldn't hit him! 8 wickets do not do you justice whatsoever and I could feel your frustrating from first slip as the ball constantly beat the outside edge. Round 2 you picked up 2/25 off 25 overs showing the batsmen just couldn't hit you. With the bat chances were few and far between but your 11 n.o off 4 balls had the boys in the sheds buzzing! Safe as houses in the field picking up 5 crucial chances and showed off his hidden talent of wicket keeping with immediate success in snagging a couple of caught behinds !

**Adam Coy** (15 runs @ 5.00 , 3 wickets @ 32.00 , 0 catches)

Unfortunately Ad couldn't replicate his A Grade form in the limited chances he had. Nevertheless an asset to have around the playing group and an incredibly talented cricketer.

**Ryan Peacock** (70 runs @ 70.00 , 2 catches)

We only got one game out of you but showed what a talented batsman you are. A high score of 70 and two catches including one as keeper showed the all-round talent you possess. A Grade are extremely lucky to have your services!

**Blake Rylewski** (11 runs @ 5.50 , 1 wicket @ 62 , 0 catches)

Filled in for a couple of games and by no means looked out of place. An aggressive cricketer and a forward thinking player is always a captains treasure. Bowls with venom and leaves nothing in the tank!

**Peter Raven** (38 runs @ 38.00 , 0 catches)

One of the nice guys I would have loved to play more with you Pete! Still has it after an extensive break from the game and that showed with the ball being smashed to all parts in a top score of 38 in round 2!

**William Abbott** (33 runs @ 33.00 , 4 wickets @ 6.25 , 0 catches)

William Abbott or Sean Abbott? I wasn't sure who was bowling when standing behind the sticks. For a young bloke you could go a long way. Quickest bowler in the club and only just turned 18! Took 3/6 off 14 overs in Round 8 and 33 not out in round 9 before we realised he had to be playing a higher grade.. watch this space this kid will go places!

**Paul Lown** (31 runs @ N/A , 0 catches)

Unfortunately Paul could only played one game before doing an injury. Stamped his authority as the interim skipper scoring 31 before having to retire hurt. Hope the recovery is coming along well mate!

**Matthew Dowers** (22 runs @ 3.67 , 4 catches)

Unfortunately Matty couldn't live up to the potential we all know he has. Always giving 100% in the field and taking 4 vital catches I really hope to see you back because runs are just around the corner mate- just give yourself a chance by having a few net sessions!

**Samuel Summerhays** (17 runs @ 4.25 , 2 wickets @ 29.00 , 2 catches)

Sammy filled in and by no means was out of place. Limited chances but will be remembered for plodding a six over mid wicket whilst chasing quick runs before a declaration in the last round of the season. Took a crucial wicket of the St Ives ex A Grade opening bat in round 6 which was the start of the collapse in which we ended up taking out victory.

**Luke Martin** (16 runs @ 16.00 , 5 wickets @ 11.20 , 0 catches)

Would of loved to have this man more but limited availability meant we only got a few games out of him. Stepped up and opened the bowling for the team and was brilliant. Made the second new ball position his own including a spell of 2/11 off 6 overs after he had bombed 16 off 16 balls to set up a formidable score in our One Day clash with Asquith Rugby League .

**Lachlan Izzard** (7 runs @ 7.00 , 2 wickets @ 27.50 , 1 catch , 1 run out)

Coming back from grade cricket this young talented leggie showed us all the tricks he had learnt whilst away with the big boys! Will be remembered for the run out he got against WPHC with only one stump to aim at!

**Jordan Bragg** (8 runs @ 8.00 , 1 catch)

Filled in for 2 games whilst Jake was away with A Grade and showed us he is more than capable of being our back up wicket keeper! Looks very technically correct with the bat aswell.

**Owen Bridgman** (2 runs @ 2.00 1 catch)

Played one game and saved plenty of runs in the field, took a good catch at deep midwicket but unfortunately was out early with the bat.

Luke Brant.

## C-Reserve 2018/2019 Season

It was a season of extremes for C-Reserves, we came out of the blocks like a slug losing the first 4 matches, but with great positivity shown by Captain Narendra we started our run to the finals from the bottom of the table and won the next 3 matches and then drawing the 8th match where we just failed to get the final wicket that would have made it 4 on the trot. It was up hill battle from there to make the final 4, where we needed an outright win in the final match to get to the semi finals, just missing out. The team was well balanced with an even mix of youth and maturity with both parties making major contributions throughout the season.

It was a breakout season for Harrison Inshaw who topped the batting average (34.2) for the team as well as opening the bowling – surprising the opposition by generating some serious heat from an exceptionally low release height achieving his best figures of 5/11. For the first half of the season his opening bowling partner was Blake who constantly troubled the opening batsmen with his fast rising inswingers getting the most wickets for the season (20). The bowling was well supported by Juan Becker, Kyle Glasson, and John Summerhayes who all contributed by bowling tight lines. Craig Henson only bowled in a few matches but when he did, he was virtually unplayable with an economy rate of 1.19. Our spin attack started and finished with Captain Narendra who achieved the second highest number of wickets for the team with 19 for the season. Narendra also secured the title of the worst run out of the year somehow turning an easy two into a no scoring runout. The bowling highlight for the season was the highly unexpected Hat trick from Juan Becker who looked more surprise than anyone when the umpire raised his finger for the third straight ball.

In terms of batting the Inshaw father son duo combined with the highest partnership of 144m (please note Dad ended up with 104 no v's the son who scraped together a noble 78). Neeraj was mister consistency throughout the season scoring the most runs of anyone for the season (277) other half centurions include John Marks and Jordan Bragg. Harold definitely was our go to person to increase the run rate, scoring quickly by dispatching the opposition bowlers over the fence at will.

Wicket keeping was a major strength with virtually nothing getting past the diving Jordan Bragg and again mister consistency Neeraj Gupta, both sharing the 12 caught behinds for the season. In summary it was a missed opportunity – the side was highly competitive and if we can come out of the next offseason with a bit more momentum then the finals are definitely within reach.

## **We Played Cricket, we had Fun, and we conquered D2s**

As I write it is has been two days since we won the grand final. An email that I received from one of my team members the day after the grand final sums up what playing cricket is all about at our level. Please find below the main paragraph of the email –

A season is made up of magic moments and team spirit ...and as premiers we had more magic moments than all others. Everyone one of you guys had magic moments that turned a game to our advantage - they are etched in my mind. They included...

- ... a special catch or runout that changed momentum.
- ... saving a 4 in the field or reducing that 2 into a 1 or saving a single.
- ... running at the crease to get that quick single or double.
- .... saving a game through defending your wicket.
- .... encouraging your mate from the field or stands.
- .... getting that wicket when we needed it most or runs to change a game.
- ..... plus, many more.

The author of that email was Craig Roy who was in his first season of cricket to quote him since he was Liam Finucane's age. Liam was in his first season with the club at the age of 17. Craig is in his 50s. Our team attracted some unwanted criticism from some of the other Clubs due our playing personnel. However, most Clubs had their main man. Further our team had over the years had been faced the might of many players that had been too good for our grade. I felt to be competitive we would have to have players to counter the stronger players that we faced. That said and done the D2 competition was still played in its usual spirit with most games against opponents treated like reconnecting with old friends. The fact that five teams out of six went into the final round not knowing if they would be competing in the semi finals and the final went down to last session of the season is testament on how close the competition was. I pay tribute to Thornleigh for their performance in the final. If the final was my last game, it was good that they be my opponents and the spirit in which the game was played was also a testament to both teams.

If you were to ask me how I rated out team's, chances rated before the season began, I would have been despondent as I had two players leave our club that I felt would have been part of the mix for the season. As season went on, we had players join the club and D2s suited them. They became integral parts of the team and from players that had not played cricket for 40 years or players who could not get a game as their previous Club had too many players in the squad.

Given that all the statistics are entered in the yearbook I will not bore you with the statistics as they are in the publication that this article is written. For the first ten to eleven rounds I was about giving everyone as many opportunities as possible. We had a solid attack with Andrew Williams, Liam Finucane, Chakri Mankena providing the seam options. Jason Garven and Ayush Gupta providing the slow bowling options. With Jason Garven season ending injury in our Round 11 match with Hornsby we had Harold Vadala re-join the team on a restricted basis and offered good all-round options. In our batting we had the usual solid start from our openers Barry Garven and John Cloke who re-joined the team after a stint in captaining C3s last year. Ayush Gupta being solid at number 3 and Kenny Garven re-joining the team after a spell in C grade performing consistently. His performance in the grand final was an exercise of combining patience and stroke play to and put us into a winning position. Chakri Mankena played in a cavalier manner and more than not got runs very quickly. However, his innings in the semi-final showed like Kenny's in the grand final about combining patience with stroke play. Harold Vadala played some aggressive innings when he re-joined our team. We had some cameo innings from Andrew Williams, Craig Roy and Liam Finucane. Liam's lusty hitting in the final got us over the line.

As a team we competed and never gave up and it is why we finished where we ended up. Last season the close games went against us. However, this season they went our way. The game against West Pennant Hills in Round 13 after being dismissed for 81 we turned around and dismissed West Pennant Hills for 73. The perfect birthday present for the captain celebrating his birthday on the day.

It has been a pleasure to captain the team over the last seven seasons. The team's spirit and banter we had amongst ourselves made it a pleasure to go to cricket every week. However, I feel at 59 I think it is time that a younger person takes on the job for the club's future. Having had played in a successful final I am unsure what I will do next season. My standard reply I will tell you on 24th August. (the day after I return from an Ashes supporters tour of England). I say facetiously that there are pathways in for the juniors, but the exit gate is generally filled with senior competitions for the elite and not your average park Club cricketer.

I would like to thank the Club for its support over the years. I would also like to support the players for their commitment through the season and their family and partners for the opportunity to play cricket.

D2 Captain – John Campo

## **Kenthurst Classics 2018/19**

The third year in the Classics Competition was a bit of an oxymoron for the team. With some excitement of welcoming new players but the dismay of finishing up last on the table.

With new players Monty Noble, S Swami, Matt Brennan and Dave Cooper the future looks promising. Added to that the return to Kenthurst No 1 of Richard Arnott behind the stumps, Col Griffin after retiring from Saturday competition, Steve Butler, Tony Pagano and Geoff Richardson after tearing his achilles last time he played.

With a Round 1 draw due to the weather in a first past the post competition we were always going to be up against it. With some injuries throughout the season and the unfortunate loss of two stalwarts, the spin twins, Gary Stasi and Jimmy Welsh due to illness we were sometimes at a loss to batting line ups and bowling attacks.

However we enjoyed the games as true mates playing this great game do and showed the visitors to Kenthurst that Royal Kenthurst is the best place to play cricket and indeed enjoy a brew after the game was completed.

With not playing in 3 games of the 11 game competition we still managed to get 2 batsmen and 3 bowlers in the top 50.

Let's hope that our fourth season with some new blood can bring about a top 5 result next season but furthermore that as mates we can still enjoy this great game that we love.

Skip

# Kenthurst Banksia Report

We formed the Banksias under the instruction of Kenthurst Cricket Club (as it was known back then) to compete in the 1989 Alternative Ashes. We had four great tours to England over the next twelve years. However, with the 2005 tour being cancelled due to commercial constraints, we decided to reinvent ourselves with a domestic program which has worked quite well since 2006 and were able to also generate interest to have an England tour in 2013. As a tour organiser I can only say I was disappointed with events this year from two perspectives.

At the Kenthurst and Upper Hills Cricket Club presentation night I had about twelve expressions of interest with this in mind I purchased fifteen tickets for the first two days of the First test with India in Adelaide. However, on departure day there were only a group of nine travelling to Adelaide. This meant that one of the fixtures was cancelled as the opposition could not find players for the game. Further, without the generosity of the senior members of the party I would have been out of pocket by a large amount.

On a positive side the members of the group who went to Adelaide enjoyed themselves immensely. To make up for the shortfall in fixtures we organised day trips, walking tours of Adelaide and Adelaide Oval as well as a day trip to the Adelaide Hills' wineries sampling some of the wares of the area and finishing up with a lunch in Hahndorf. Needless to say, the group was quite dormant that evening. We had a fun fixture with Parra Hills who provided us with some players to have a great day of cricket. For the record Parra Hills won by a huge margin but the spirit in which the game was played was quite enjoyable. E.g. I knew I was clearly out caught behind and was walking off but was called back to the crease to have a longer bat. We were well entertained after the game with interest being in a Kenthurst v Parra Hills 8 ball competition. David Lea starring in this field after the rigours of umpiring our fixture. So, the Banksias did win something on the day. The rest of the tour was centred around the first two days of the test match with India. The tour ended with a meal at the Passage to India restaurant. Those who attended had a great time.

Concurrently, with the organisation of the Adelaide trip, I decided to run a feasibility study for an England tour to coincide with the Ashes series commencing in August. Having a database of 60 players I did not see it as encroaching on the Adelaide tour. Further there was two schools of thought on the tour that some of the Adelaide tourists would, after enjoying that tour, might decide to undertake the England tour. Also, some players on the England tour would not have contemplated going to Adelaide. After having an initial interest of nine people, only one player came through with a deposit. What was more disappointing only two players had the courtesy to advise me that they were not able to go on the tour. It is also disappointing that since I have decided to cancel the tour there are about four players who have expressed an interest in the tour.

During the season I expressed my concerns that the Banksias tours are not generating the interest they had in the past. Several reasons were given from the timing of trip in relation leading up to the Christmas break and the taking of leave and the like and the reluctance of employers to grant leave. I will be holding a forum later in the year after Cricket Australia releases its dates next season to see the feasibility for a tour to be organised.

Tour Organiser – John Campo
